Faculté des Sciences et Techniques

2nd International
Conference on
Nanosciences
& Nanotechnology

ICNN'23

2nd

International Conference on Nanosciences & Nanotechnology

ICNN'23

19 - 21
JUNE
2023

FST

Nouakchott

Mauritanie

Topics :

Synthesis and characterization techniques of nanomaterials

Green chemistry synthesis of nanomaterials.

Nanotechnology for renewable energy and water treatment.

Nanomaterials for environment

Nanotechnology for biomedical applications.

Selected papers will be
published in :

Nano-Horizons :Journal of Nanosciences
and Nanotechnologies

<https://www.scienceopen.com/collection/NanoHorizons>
